

United Capital Partners, LLC

United Capital Partners' ("**UCP**") is a leading specialty finance company focused on providing access to vital capital through its Small Business, Middle Market, and Structured Finance divisions. We specialize in helping emerging companies leverage valuable equity capital and provide funding to middle market companies seeking to expand or restructure their business.

About Us

United Capital serves the venture backed community of companies and more traditional small businesses throughout the country. We target commercial and industrial companies in North America and work with entrepreneurs at the earliest formations of their ventures to support business strategies and recruit additional financial partners through various stages of investment and growth.

United Capital works with a team of finance professionals with an average twenty years of experience in funding specialty finance debt and commercial equipment leasing. We work closely with each of our clients to provide tailored, innovative finance products to support their current and future capital requirements.

United Capital can offer a wide array of products that will enable us to support emerging growth companies, established businesses and companies that are working through trying times. Whether your business needs a lease line of credit to support capital equipment acquisitions, working capital to support continued growth, senior debt or mezzanine financing, **UCP** has a solution for you.
