Reclaim Construction Ranks No. 1068 On the 2022 Inc. 5000 Annual List

This prestigious list includes the fastest-growing private businesses across the United States

NEW YORK, August 23, 2022 – Today, Inc. revealed that Reclaim Construction is No. 1068, with a three-year growth of 610%, on its annual Inc. 5000 list, the most prestigious ranking of the fastest-growing private companies in America. The list represents a one-of-a-kind look at the most successful companies within the economy's most dynamic segment—its independent businesses. Facebook, Chobani, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

Reclaim Construction stands at the 98th fastest growing private business in Texas, 43rd in construction (national), 40th in Dallas and 7th in construction (Texas).

"We are honored to be recognized as one of the fastest growing companies on the Inc. 5000 list," said Reclaim Construction's Executive Vice President Adam Cavrell. "As a co-founder of Reclaim Construction, I take tremendous pride in our achievements and in particular, the strength of our growing team. Reclaim Construction is a client-first company, we make decisions based on the clients' needs while never sacrificing superior quality or customer service. Our team separates itself by marshalling a historically fractured industry with a one-stop solution. We're proud to serve the entire state of Texas and are truly humbled and inspired by this honor."

Companies on the 2022 Inc. 5000 listing have not only been successful, but they have also demonstrated resilience amid supply chain woes, labor shortages, and the ongoing impact of COVID-19. Among the top 500, the average median three-year revenue growth rate soared to 2,144 percent. Together, those companies added more than 68,394 jobs over the past three years.

“The accomplishment of building one of the fastest-growing companies in the U.S., in light of recent economic roadblocks, cannot be overstated,” said Scott Omelianuk, editor-in-chief of Inc. “Inc. is thrilled to honor the companies that have established themselves through innovation, hard work, and rising to the challenges of today.”

More about Inc. and the Inc. 5000

Methodology

Companies on the 2022 Inc. 5000 are ranked according to percentage revenue growth from 2018 to 2021. To qualify, companies must have been founded and generating revenue by March 31, 2018. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2021. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2018 is \$100,000; the minimum for 2021 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places. The top 500 companies on the Inc. 5000 are featured in *Inc.* magazine’s September issue. The entire Inc. 5000 can be found at <http://www.inc.com/inc5000>.
