

## Full Agenda

---

### Day One - 29<sup>th</sup> November 2022

**8.00 Registration & Coffee**

**8.50 Chairman's Opening Remarks**

**9.00 Perspectives from the 46th Air Brigade**

**Colonel Giuseppe Addressa**, Incoming Commander, 46th Air Brigade, **Italian Air Force**

**9.30 Implementing the lessons of 2021 for the RAF Air Mobility Force**

- Key lessons to Operation PITTING
- Delivering RAF Air Mobility strategy
- Supporting Ukraine and working more closely with Allies
- Looking forward: expected challenges and opportunities

**Air Commodore Anthony Lyle**, Air Mobility Force Commander, **Royal Air Force**

**10.00 Supporting Aerial Refueling well into the 21st Century**

**Matt Kaslik**, Boeing International Business Development, **Boeing**

**10.30 Morning Coffee**

**11.00 Session Reserved for Gold Sponsor Embraer**

**Simon Johns**, Vice President Business Development, **Embraer Defence & Security**

**11.30 The Spanish Approach to Airlift Capabilities: An Overview of the Transfer from the C-130 to A400M**

**Brigadier General Jose Luis Ortiz-Canavate Levenfeld \***, Spanish Air Mobility Command Commander, **Spanish Air Mobility Command**

**12.00 Airbus military airlifters: National assets for Defence and Humanitarian missions. Status updates, among others**

- A330 MRTT: The benchmark for multi-role tankers. The world's first tanker certified for automatic air-to-air refuelling boom operations
- A400M: The game.changer: Heavy airlift into tactical locations. Proven on military and humanitarian missions. Adding new capabilities
- C295: The most versatile and efficient tactical transport aircraft. Ideal complement to heavy airlifters and transport helicopters

**Jose-Luis De Miguel Cortes**, President Product Marketing, **Airbus Defence and Space**

## 12.30 Multinational Multi Role Tanker Transport (MRTT) Fleet Update 2022

- An update on the current status of the MMU.
- The achievements: NEO Afghanistan Support, related to Ukraine crisis
- The road to FOC.

**Colonel Jurgen Van der Biezen**, Commander Multinational MRTT Unit, **Multinational MRTT Fleet (MMF)**

## 1.00 Networking Lunch

## 2.00 Session Reserved for Gold Sponsor Lockheed Martin

**Senior Representative, , Lockheed Martin**

## 2.30 European Air Transport Command: Key Perspectives

- Overview of the EATC's role as the major air mobility force provider in Europe with large and flexible operational options for air transport, medical evacuation and air-to-air refuelling
- Update on the transformation of the EATC's current fleet to include A400-M, C130J, and A330 MRRT platforms
- Actual and future EATC challenges

**Brigadier General Paul Desair**, DCOM, **European Air Transport Command (EATC)**

## 3.00 The Airlift Coordination Centre: Harmonising National Capabilities

- Who and what is the ALCC?
- What lessons have been learned from ALCC operations?
- Coordinating national assets to ensure rapid and effective multinational airlift capabilities

**Major Walter Boris Palumbo**, Deputy Chief, **NATO Combined Air Operations Centre Uedem**  
**Lieutenant Colonel Derek Rankin**, Chief, ALCC, **Airlift Coordination Centre / NATO Deployable Air Command and Control Centre**

## 3.30 Afternoon Tea

## 4.00 Industry Panel Debate Substantial increase of Defence Budgets, a panacea for industry or not?

- Where can you greater collaborate with other industry?
- What are the main challenges to collaboration in regard to both industry and government? What needs to be better?
- Speculate: What is the future of Airlift and Air-to-Air Refuelling?

**Matt Kaslik**, Boeing International Business Development, **Boeing**  
**Simon Johns**, Vice President Business Development, **Embraer Defence & Security**  
**Senior Representative, , Lockheed Martin**  
**Jose-Luis De Miguel Cortes**, President Product Marketing, **Airbus Defence and Space**

#### **4.40 Experiences with and perspectives for the Austrian Military Airlift capabilities**

- Challenges during operations and exercises
- International training programs and cooperation in planning and execution of military airlift
- Prospects and requirements for future national airlift systems

**Brigadier General Wolfgang Luttenberger, Commander, Ministry of Defence, Austria**

#### **5.15 The Royal Netherlands Air Force's Military Airlift Requirements and Current Status**

- The C-130H replacement programme
- Evaluating the decision to procure the C-390 Millennium
- Acquisition timelines to avoid a capability gap

**Senior Representative, , RNLAF**

#### **5.45 Chairman's Closing Remarks and Close of Day One**

#### **6.00 Networking Reception**

## Day Two - 30<sup>th</sup> November 2022

**8.30 Registration & Coffee**

**8.50 Chairman's Opening Remarks**

**9.00 USAF Air Mobility Command Keynote**

**Senior Representative, Air Mobility Command, US Air Force**

**9.30 14th Wing; Capability and Challenges**

**Colonel Luca Mazzini, Incoming Commander, 14th Wing, Italian Air Force**

**10.00 Session Reserved for Sponsor Leonardo**

**10.30 Morning Coffee**

**11.00 Session Reserved for Sponsor Port City Air**

**11.30 Ramstein Air Base: The Global Gateway...More than just airlift"**

- Overview of who we are and what we do Recent innovations (sUAS program, Innovation cell, C-130J Block 8.1 upgrade, etc.)
- Support to Eastern Europe operations (Ukraine)...contingency lodging, additional aircraft, SecDef summit
- Support to joint and allied partners

**Colonel Sean Finnan, 86th Operations Group Commander, 86th Operations Group, U.S. Air Force**

**12.00 Preparing Future Airlift Personnel Through the Advanced Airlift Tactics Training Centre**

- Mission: Increasing the war fighting effectiveness and survivability of Mobility Forces
- Overview of AATTC capabilities to train the next generation of airlift personnel
- Cultural Shift to Agile Combat Employment (ACE) and its challenges
- Focusing on international partnerships and strengthening joint training experiences

**Colonel Barrett Golden, Commandant, AATTC (Advanced Airlift Tactics Training Center)**

- Overview of the HAW structure, its mission, and the C-17 Globemaster platform
- The evacuation of Kabul
- HAW role in support for Ukraine
- The importance of maintaining effective multinational collaboration for rapid delivery

**Colonel Peder Söderström, Commander, Heavy Airlift Wing**

## 1.00 Networking Lunch

## 2.00 Session Reserved for Honeywell

## 2.30 Strategic Airlift International Solution (SALIS) 2022 Updates

- Proving Service for over and outsized cargo in a changed environment.
- What are the main aspects of the changed operating environment?
- What have the key challenges been for SALIS in recent years?

**Lieutenant Colonel Harald Struzyna**, Commanding Officer, **Strategic Airlift Interim Solution Coordination Cell**

## 3.00 NSPA Military Airlift Efforts: 2022 Update

- Work with SALIS as its contracting authority
- The NSPA Transportation System (Air part) and the foreseen development of Partnerships intended to facilitate access to NSPA transportation support for NATO Nations
- The ability of NSPA to provide transport services in military expeditionary environment in line with the services provided in MALL this year in support of TAKUBA TF
- Global Access Services

**Franck Verdierre**, Chief of Division , **NATO Support and Procurement Agency (NSPA)**

## 3.30 Afternoon Tea

## 4.00 Breaking Barriers to Innovation: JIGSAW and KRADOS

- Innovation and experimentation to refine the JIGSAW application for AAR mission planning
- Adaption of this new mission planning software by NATO partners and how it enhances combat capabilities
- Lessons learnt from the JIGSAW implementation, and the wider capabilities of in-house NATO software development

**Lieutenant Colonel Jonathan Clow**, Business Development, ACT Innovation, **NATO ACT**

## 4.30 Aeromedical Evacuation in NATO — The Doc's Perspective

- The architecture of an Allied aeromedical evacuation system and the continuum of care: doctrine and terminology
- Standards and quality of care in shaping aeromedical evacuation systems: a partnership between operations and healthcare
- Future requirements for sustaining patient outcomes: challenges, opportunities and innovations.

**Major/Dr Jacopo Frassini**, Doctrine Staff Officer, **NATO Centre of Excellence for Military Medicine**

## **5.00 JAPCC: Air to Air Refuelling and Interoperability**

- A short overview of the JAPCC, our mission, leadership, focus areas, and areas of expertise.
- The function of the AAR portion of the Air Operations Support Branch within JAPCC
- Key information on services provided, where to access key resources, and participation from across the globe to improve interoperability.

**Lieutenant Colonel Isaiah Oppelaar, Air Mobility Strategist, NATO JAPCC**

## **5.30 Chairman's Closing Remarks and Close of Day Two**
