

****FOR IMMEDIATE RELEASE****

Ronk Brothers Expands Services with Launch of Electrical Division

Sedro Woolley, 09/11/2023 – In a significant move, Ronk Brothers, a prominent player in heating and cooling solutions, proudly unveils the inauguration of their Electrical Division, rebranding as Ronk Brothers Heating, Cooling, and Electrical. With a wave of enthusiasm, the company ventures into the realm of electrical services, opening fresh avenues for growth and diversification. This strategic expansion underscores their commitment to offering comprehensive, high-quality services that empower their clientele.

The newly launched Electrical Division will provide a comprehensive range of residential electrical services, encompassing everything from outlet replacements and EV charger installations to additional circuits, panel upgrades, whole-home standby generator installations, and more. This addition to Ronk Brothers' portfolio ensures that customers can now enjoy a seamless integration of their HVAC and electrical needs, all conveniently available in one place. With a team of highly skilled electricians who are passionate about their craft, Ronk Brothers is poised to serve their community in an entirely new capacity.

Brian Ronk, the owner of Ronk Brothers, expresses his enthusiasm for this exciting development, stating, "Our team has been diligently working behind the scenes to make this happen. We are thrilled about this new chapter and the opportunity to offer our community electrical services that mirror our established reputation for exceptional quality and unparalleled customer service."

Ronk Brothers has always stood out for its commitment to making a positive impact on its employees and communities. The introduction of the Electrical Division represents a chance to further their mission of "Changing Lives through Genuine Service for Purposeful Impact."
