A HALF-CENTURY OF PROVEN HIGH-PERFORMANCE UTILITY LINEMAN TOOLS & EQUIPMENT.

Born and Raised in Chicago nearly 50 years ago, Huskie Tools was started because of an industry need for better-engineered, longer-lasting, and safer linemen tools. Over the years, Huskie Tools has benchmarked itself as a category leader in providing the utility industry with an unmatched range of product solutions, including battery-powered cutting and crimping tools, presses, pumps, dies, manual tools, the TiiGER™ pole puller, and the Bulldog Bender™ for men & women working in all facets of the energy industry.

“Lineman, engineers, and facility managers are always interested in what Huskie Tools is working on next, be it our materials selection, product concepts, equipment engineering, training, or safety process controls; they are all important to the linemen community we proudly serve.” said Charlie Kelly, VP of Sales for Huskie Tools.

Whether above the ground or below the road, Huskie Tools is the top-tier North American manufacturer of crimping, cutting, bending, and pulling tools for the lineman industry and has been supplying state-of-the-art technology to these warriors of the weather & wire for many

years. Whether it’s standard installation, repairs & maintenance, grid upgrades, or cleaning up after a disaster, they have what it takes to get the job done right. Huskie Tools, industry-wide, is known for providing tool options that give you “The Power to Choose.”

From the Back of the Yards to the Monsters of the Midway, Chicago has always been a “City of Big Shoulders,” and Huskie Tools have been the tool of choice for the linemen and linewomen that “Get the Job Done!”. Huskie Tools was born and raised in the Windy City and continues to supply linemen in their quest to keep the power on!

BUILT FOR EVERYTHING THAT’S ON THE LINE.™

THE POWER TO CHOOSE

“LINEMAN, ENGINEERS, AND FACILITY MANAGERS ARE ALWAYS INTERESTED IN WHAT HUSKIE TOOLS IS WORKING ON NEXT, BE IT OUR MATERIALS SELECTION, PRODUCT CONCEPTS, EQUIPMENT ENGINEERING, TRAINING, OR SAFETY PROCESS CONTROLS, THEY ARE ALL IMPORTANT TO THE LINEMEN COMMUNITY WE PROUDLY SERVE.”

CHARLIE KELLY, VP OF SALES

BATTERIES & CHARGERS PG. 74

UTILITY-GRADE

UTILITY GRADE

Durable, dependable, built to last

LIVE LINE RATED

Tested to 75kV without damage to internal circuitry

COMPLETE LINE

6 to 15 ton power

OPTIMIZED HYDRAULICS

Fast advance & retract speeds

RAPID CHARGING

Full charge in 45 minutes or less

CONSTANT POWER

Longer run times, consistent charge

FEATURES & TECHNOLOGY

CHOOSE YOUR POWER 18V LITHIUM-ION BATTERY PLATFORM

Featuring consistent power and extended run-times, these fast charging Milwaukee® or Makita® batteries include an integrated LED battery charge level indicator for easy monitoring.

PERFORMANCE, GUARANTEED

5-Year Tool Warranty on all SL, REC and SLC Series tools. Milwaukee® & Makita® batteries and chargers are warranted for 3 years by Huskie Tools.

LED WORKLIGHT

Built-in white LED light aimed at tool jaws for working in low light conditions.

ACSR CABLE CUTTING

Specially designed jaws for strength and durability when cutting ACSR.

LIVE LINE RATED

Tested up to 75kV for use on live line applications without damage to internal circuitry.

THE POWER TO CHOOSE.

BUILT FOR EVERYTHING THAT'S ON THE LINE.™

INNOVATION.

Since introducing the industry's first battery-powered hydraulic tools in 1989, Huskie Tools remains dedicated to developing product solutions that help ensure linemen safely and efficiently perform some of the most dangerous and demanding jobs on the planet.

DURABILITY.

Over the years we've developed a bit of a reputation; we like to think legendary. Huskie Tools hydraulics combine the highest quality materials with advanced technology to provide ultimate reliability. Simply put, Huskie Tools are the safest, most durable, dependable, and longest lasting lineman tools in the industry.

SERVICE & SUPPORT.

We take pride in serving the needs of the utility industry. Through in-depth industry knowledge and unsurpassed tool expertise, Huskie Tools provides truly exceptional customer service, technical support and product service.

EXPERIENCE.

We've spent almost 50-years doing one thing, building the best hydraulic cutting and crimping tools in the utility industry. We live, eat, and breathe lineman tools. At Huskie Tools they're not just tools, they're our business—our ONLY business.

FULL LINE.

No other competitor comes close to the breadth of line and complete range of product solutions available from Huskie Tools. When it's on the line, linemen count on Huskie Tools for all their distribution, substation, transmission, overhead and underground projects.

YOUR JOB IS TOUGH. YOUR TOOL CHOICE IS EASY.

THE POWER TO CHOOSE: **SERIES 7R** MILWAUKEE® BATTERY PLATFORM & THE **SERIES 7M** MAKITA® BATTERY PLATFORM

Huskie Tools is the #1 choice of experienced linemen who know and trust the brand that invented battery-powered hydraulic tools.

For nearly 50 years we have been developing and building the broadest, most durable and dependable line of battery-powered hydraulic cutting and crimping tools in the utility industry.

Huskie Tools delivers battery-powered hydraulic tools with compatibility across the two leading battery platforms: Makita® and Milwaukee®. The Power to Choose.

ENGINEERED PERFORMANCE:

- OPTIMIZED HYDRAULICS—
20% FASTER ADVANCE AND
30% FASTER RETRACTION
- PATENT-PENDING SELECTABLE

THE **EVS** POWER SYSTEM: CUTTING JAWS

JAW MARKINGS WITH CUTTING CAPACITIES FOR EASY FIELD ID

REPLACEABLE BLADES FOR EASY FIELD & CONVENIENT REPLACEMENT WITH NO DOWNTIME

NEW CENTER BUSHING FOR ADDED STRENGTH & ALIGNMENT EASE

REDESIGNED AND HEAT TREATED ROLLER SURFACE FOR IMPROVED WEAR RESISTANCE & LONGER JAW LIFE

EVS 6-ton quick-change cutting jaws are forged for exceptional long-life resulting in precise, professional cuts through a wide variety of soft & hard wire and metal each & every time. These essential jaws are part of the EVS system and interchangeable with our SLC, SL & REC series pistol grip and inline ND tools. Huskies' proprietary blade geometry with anti-spread design delivers precise, install-ready cuts in seconds within the tightest work areas. EVS Cutting Jaws features include easy-alignment center bushing and clear, easy-to-read jaw ID marks that ensure you are using the correct jaw/tool combination. Long life, fast-change replaceable blades that deliver precision results and improved productivity with no down-time. EVS is more than a jaw, it's a system. Huskie Tools delivers "tools for life".

CABLE BENDING MADE EASY.

Bulldog Bender

Introducing the patented, electrician design & developed Bulldog Bender™ from Huskie Tools.

Built to precisely bend large gauge electrical cable with ease, especially in tight places. Bulldog Bender gives you the power and leverage to easily install, bend, & terminate cable switchgear, pad-mounted transformers, load centers, motor controls, LB conduit bodies, services, panels, meter bases, & more.

THE NEXT EVOLUTION IN PRECISION CUTTING & CRIMPING TOOLS.

Our **SLC Line** of battery-powered cutting & crimping tools are designed and built with a new compact, lighter and ergonomic body and **industry-only selectable 360° LED light ring**. Linemen now have the cutting & crimping tools that can handle any job under any conditions. SLC cuts **copper, aluminum, ACSR, and EHS Guy Wire with ease** using an ultra-efficient brushless motor. Whether it's underground, high above, or in the dark, SLC weathers the storm and delivers maximum reliability, durability, and safety. We've made it our mission to deliver industry-leading innovative tools that are **BUILT FOR EVERYTHING THAT'S ON THE LINE.**

THE POWER TO CHOOSE— INNOVATION SINCE 1976

THE POWER TO CHOOSE.

SAFE, TOUGH & DEPENDABLE

Since 1976, Huskie Tools has established a reputation for building hydraulic, battery-powered bending, cutting & crimping tools that are as tough and dependable as the linemen who use them. Our tools are the safest, most durable and dependable and we stake our reputation on it each and every day.

LINEMAN PROVEN – UTILITY APPROVED

We know what it's like to use our tools in a driving rainstorm with thousands of families depending on you to restore their power. Or to have to twist and contort your body just to access an underground area that needs repair. That is why we offer our extensive line of battery-operated hydraulic tools that are among the fastest, and most ergonomically designed and balanced on the market.

No competitor comes close to the breadth of product solutions that we offer, and we're the No. 1 choice of experienced linemen for a reason.

We stand behind our tools and take tremendous pride in serving the needs of the utility industry. Through in-depth industry knowledge and unsurpassed tool expertise, Huskie Tools provides truly exceptional customer service, technical support, and product service.

A SPIRIT OF INNOVATION

We are constantly innovating our products to give our customers the best technology because we know you have the power to choose the tools that are best for you.

We introduced the industry's first line of battery-powered hydraulic tools in 1989, and today we offer over **200 battery-powered tools on the two most popular battery platforms**, Milwaukee & Makita. To provide linemen with the best utility grade tools and choice of battery platforms, we have designed our tools to work with the best performing, most dependable batteries on the market.

INTO THE FUTURE

Since 1976, we've only been doing one thing — building the best, broadest and safest hydraulic cutting and crimping tools and accessories in the utility industry. We live, eat, and breathe lineman tools. They're not just tools, they're our business — **our ONLY business.**

We appreciate our thousands of loyal customers, and we're committed to supporting our industry's ability to choose the tools that work best no matter the project or application. We look forward to continuing to innovate so that we continue to be the #1 choice of utility lineman for the next 50 years.

THE POWER TO CHOOSE

BATTERIES & CHARGERS

SERIES 7M - MAKITA®

BATTERY & CHARGER FEATURES

Rapid charging—reaches full charge in 45 minutes or less

Protection against overloading, over-discharging and over-heating

Longer run times and consistent power, even in extreme conditions

Integrated LED battery charge level indicator for easy monitoring

Maintains charge even after long periods of storage

Impact-resistant outer case and shock-absorbing inner liner for protection

3-year Huskie Tools battery & charger warranty

**HUSKIE TOOLS PRODUCTS CARRY
A WARRANTY THAT MAKES US
A LEADER IN THE UTILITY INDUSTRY.**

PRODUCT WARRANTY

SL, REC, and SLC Tools	5 Years
Makita LXT® Batteries and Chargers	3 Years
Milwaukee® M18™ REDLITHIUM™ Batteries and Chargers	3 Years

The warranty does not cover any damages incurred from a Huskie Tools product including damages to property, bodily injuries and lost wages resulting from such injuries. This warranty solely covers the repair or replacement of tools supplied by Huskie. These remedies are exclusive, and the total liability of Huskie Tools, LLC whether based on contract, warranty, negligence, indemnification, strict liability or otherwise, shall not exceed the purchase price of the tool. In no event, shall Huskie Tools, LLC be liable for consequential, incidental or special damages.

HUSKIE TOOLS, LLC MAKES NO OTHER WARRANTIES OF ANY KIND, EXPRESSED OR IMPLIED, AND ALL IMPLIED WARRANTIES INCLUDING ANY WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED.

Huskie reserves the right to determine all warranty claims. Huskie will not warranty tools containing parts or batteries not originally supplied by Huskie. Failure due to misuse, improper maintenance, misapplication, not following instructions or warnings, abuse or repairs attempted by anyone other than Huskie Tools, LLC, or an authorized service center renders this warranty null and void.

REPAIR AND WARRANTY CLAIMS

All claims must be sent to Huskie for inspection and authorization. A Return Goods Authorization (RGA) is required before shipping tools to Huskie. Secure the authorization by telephoning or writing to Huskie's main office with details of the claim. Non-warranty repairs are handled using the same procedure. Repairs exceeding 50 percent of the cost of a new tool will be advised before repairs are made.

REPAIR & WARRANTY INFORMATION CAN ALSO BE FOUND ON OUR WEBSITE AT
huskietools.com/resources/rga/

FIND YOUR DIE INSTANTLY FROM YOUR DESKTOP OR PHONE.

DIEFINDER™
BY HUSKIE TOOLS

New dies? New tools? Whatever the need, they have made it as easy as 1, 2, 3 with an updated easy to navigate website featuring its fast and intuitive Product Finder and a newly engineered and customized Die Finder that couldn't be easier to use.

The **Huskie Tools Die Finder** allows customers to input any information they have on the die that they are looking for, click search, and instantly see all the appropriate available dies that fit their needs. Armed with that information, they can contact their local tool supplier and order up exactly what they need, knowing they have all the necessary info to get the order placed and to get the order right.

So whether you are in search of the latest tool technology or you need to get your hands on specific replacement dies, Huskie Tools has the quick and easy process to get you all the info you need to get what you want.

TRY OUT THE DIE FINDER AT
HUSKIETOOLS.COM/DIE-FINDER/

BUILT FOR EVERYTHING THAT'S ON THE LINE.™

Since 1976, Chicago born Huskie Tools has been the #1 choice for lineman tools & equipment across every essential electrical utility category. Huskie Tools has the industry's most complete power product line including the largest assortment of hydraulic cutting & crimping tools — over 200 models powered by the most popular battery platforms, Milwaukee® & Makita®, 30 different hand-powered manual tools, remote cutting & crimping heads, dies, die kits, battery & gas powered high-pressure pumps, single & double acting 60, 100, 200-ton presses including titanium, plus TiiGER® material handling & pole pulling equipment & Power Grips™ cable grips.
