

FOR IMMEDIATE RELEASE

Human-Edge.ai and Autimatic Partner to Empower People with Autism Through AI on World Autism Day

[London, 2th of April 2024] – Human-Edge.ai, a leading innovator in generative AI solutions, and Autimatic, a specialist in providing meaningful careers for people with autism, today announced a groundbreaking partnership and release of an AI-powered chatbot designed to help individuals with autism explore their skills and potential career paths. This initiative will launch on April 2th, World Autism Day, to raise awareness and support for neurodiversity in the workplace.

The new chatbot leverages Human-Edge.ai's expertise in natural language processing and generative AI to create a tailored and supportive experience for individuals with autism. The chatbot will:

- **Assess Skills and Interests:** Provide interactive questionnaires and assessments to help individuals identify their unique strengths and passions.
- **Match Potential Job Opportunities:** Utilize Autimatic's extensive knowledge base of autism-friendly employers and roles to suggest suitable job matches.

"We're committed to harnessing the power of AI to make a tangible difference in people's lives," said Mohamed Anis, CEO of Human-Edge.ai.

"Partnering with Autimatic, we can provide individuals with autism the tools and resources to unlock their full potential and find careers they truly thrive in."

[Quote from Geert Pauwels, CEO of Autimatic about the importance of this initiative and the potential impact on the lives of people with autism]

"This collaboration is a game-changer, empowering individuals with autism to discover meaningful careers that align with their skills and interests. We believe that AI can break down barriers and create a more inclusive future," said Geert, CEO of Autimatic.
