

Tomb Slayer Radio Launches Original Music Submission Program

Uniting the Body of Christ Through Song™

ORLANDO, FLORIDA – October 22, 2024 - PR.COM - Tomb Slayer Radio (TombSlayerRadio.com), a streaming interfaith Christian music station, announced the launch of a new original music submission program to support new and emerging Christian artists by sharing their faith-filled music on Tomb Slayer Radio.

“Our mission is to broadcast music that uplifts, inspires, and heals our listeners,” said Carmen Moscrip, Founder of Tomb Slayer Radio. “Each day faithful women and men are inspired to share their personal spiritual journeys and testimonies of faith in Jesus Christ through original music. We are making it easier to amplify their voices and share their musical gifts to glorify God on Tomb Slayer Radio.”

Artists can upload a copy of their original unpublished recorded music, bio, contact information, photo, etc. on the Tomb Slayer Radio submission page for review to be broadcast worldwide. The artist retains full ownership and copyright of their music. No royalties will be paid on the submitted music unless contracted with the appropriate Performing Rights Organization (PRO) and the song is chosen to be played on Tomb Slayer Radio. By sharing original music with Tomb Slayer Radio, it can be heard around the globe.

The program is accepting submissions by visiting: www.tombslayerradio.com/original-music-submission/

“We are excited to launch Tomb Slayer Radio’s original music submission program in 2024 to gather Christian music and begin sharing it with the world,” concluded Carmen Moscrip. “This will set the stage for more opportunities to recognize these talented musicians of faith with new programs in 2025.”
