The perfect way to experience the joy of biking

Lease a Bike is a successful employer-sponsored bike leasing program designed to make bicycling more accessible and appealing.

Our benefits-based program helps decrease a barrier to entry for bike ownership by providing simple, affordable bike leasing options that include maintenance as well as theft and damage protection. **By partnering with Lease a Bike and ELV Motors, employees can choose their dream bike!**

Lease a Bike aims to address common commuting challenges such as traffic congestion, promote physical and mental wellness among employees, and support environmental sustainability while helping employers attract and retain talent.
