

Z+wave~Mg

Topical Magnesium Spray

ZWaveMg.com

Benefits: Promotes muscle relaxation, pain relief, improved sleep, magnesium replenishment, skin health, and stress management.

Ingredients:

- **Phenomenal Lavender:** Sourced from Southern small-business farms of TLx (The Lavender Exchange), hand-harvested, and distilled into "Purely Phenomenal" floral water. Farms started with plants from Gigi's Lavender Nursery in Nashville, TN.

- **Zechstein Magnesium:** High-purity magnesium from a 250-million-year-old ancient seabed, mined two miles underground in the Netherlands.

Development: Gigi de Lugo, TLx Founder, blended "Purely Phenomenal" lavender with Zechstein magnesium after consulting Dr. Richard Daniel of the Magnesium Health Institute. Prototypes tested nationwide yielded significant results, leading to the official launch of Z'Wave Mg.

Quote: "I'm deeply grateful to join our TLx lavender farmers in creating Z'Wave Mg, a remarkable topical spray that not only soothes sore muscles but also generates sustainable income and supports small-business farmers through an eco-friendly product." – Gigi de Lugo, Founder of TLx The Lavender Exchange, Corp.

Testimonials:

- **Lisa:** Relieves foot pain from a spur.
- **Dawn:** Eases knee pain after gardening, used every 3 days for lasting relief.
- **Pat:** Helps chronic pain from rheumatoid arthritis, fibromyalgia, and TMJ; outperforms a comparable magnesium lotion.
