

CONTRACT ADDENDUM

Dated effective as of Months April, 2024

By and between

Alfred Wegener Institute
Helmholtz Centre for Polar and Marine Research
Am Handelshafen 12
27570 Bremerhaven
Germany
- hereinafter "**AWI**" -

and

California Caviar Company, LLC.
302 Caledonia Street
Suite 6
Sausalito, CA 94965
USA

- Hereinafter "**Company**" -

- AWI and the Company hereinafter also individually called a "**Party**",
Or collectively called the "**Parties**" -

Recitals

- A) The Alfred Wegener Institute, Helmholtz Centre for Polar and Marine Research (AWI) and California Caviar Company, LLC. (Company) concluded a license agreement - hereinafter referred to as the License Agreement - in which the AWI grants CCC the use of AWI property rights for the sustainable production of caviar from live sturgeon. This contract is in effect since January 2019.
- B) In the meantime, circumstances have arisen that were not taken into account in the original License Agreement and, therefore require a minor adjustment to the terms of the contract.
In particular, the official approval procedure for the use of LHRHa (Luteinizing Hormone Releasing Factor agonist) to induce the egg ovulation by the relevant US authorities has only been finalized at March 2023.

Now, therefore, AWI and the Company hereby agree as follows:

§ 1 Addendum to 1.11(d) of the License Agreement

According to Article 1.11(d) of the License Agreement, "Improvement Patents" shall expressly include the US patent application "Process for the preparation of caviar or a caviar-like product from live mature eggs of fish or crustaceans, and such products" (US Patent Application US20200187532A1) as well as all patent applications and patents of this patent family according to Annex 1.

§ 2 Recast of 4.1 of the License Agreement

4.1 Commercialization Responsibilities

The Company shall use commercially reasonable efforts to manufacture and sell Licensed Products in the Field as soon as reasonably practicable, under the quality standards as set forth in Section 4.2.

Taking into account the late approval of LHRHa, the Company shall use commercially reasonable efforts to grant sublicenses to Third Parties in the USA by the end of April 2026. If the Company fails to grant sublicenses to at least two independent Third Party Sublicensees prior to the end of April 2026, AWI is entitled to terminate the exclusivity of the Company's right to grant new sublicenses to Third Parties (without impacting the other licenses and rights granted to the Company herein).

§ 3 Unchanged validity of all other contractual clauses

All other contractual clauses of the license agreement that are not affected by §1 and §2 shall continue to apply unchanged.
