SKIZEES MUSIC Signs Naiheem Lee as First Flagship Artist Under Momentum Creative Audio Group, Launching a Soul-Rock Era Built for Stage Lights and Late-Night Confessionals

Date: 2025-12-12

Location: Las Vegas, Nevada

LAS VEGAS, NV — 2025-12-12 — SKIZEES MUSIC, the publishing and artist-focused venture under Momentum Creative Audio Group (Momentum Enterprise Inc., Creative Division), announces the signing of Naiheem Lee as its first flagship artist.

Naiheem Lee sits at the edge where modern R&B meets soul and rock performance—guitar in the frame, pressure in the voice, and a frontman presence built for real stages. His music lives in the tension: street lessons vs. spiritual pull, confidence vs. confession, desire vs. control.

At the center of Naiheem’s story is a vintage sunburst electric guitar inherited from his uncle—an object that functions as both instrument and symbol. In Naiheem’s world, the guitar is legacy: a reminder of where he comes from, and a weapon for who he’s becoming.

“Naiheem is a frontman. Not a vibe. Not background music. He’s the type of artist you feel in your chest,” said Michael Munerlyn, Founder and Creative Director. “This is the tone-setter for what SKIZEES MUSIC is here to deliver—records that hit streaming, then hit the stage even harder.”

“The streets raised me, but they don’t own me,” said Naiheem Lee. “I’m bringing that truth to every record. We’re not playing small.”

The signing arrives with an immediate milestone: Naiheem’s debut is scheduled in six days, marking the opening chapter of SKIZEES MUSIC’s release slate under Momentum Creative Audio Group.
