## Absolute Celebrates 24 Years of Growth, Innovation, and Trusted Partnership

Memphis, TN — Absolute Storage Management (Absolute) is proud to celebrate its 24th anniversary, marking more than two decades of steady growth, resilient leadership, and trusted partnerships across the property management industry since its founding in May 2002.

What began as a small but ambitious operation has grown into a company supporting nearly 300 team members across 150 managed properties, backed by 10 specialized departments dedicated to delivering operational excellence and individualized support to every property in the portfolio.

Over the past 24 years, Absolute has successfully navigated multiple economic cycles while maintaining a long-term commitment to its clients, team members, and tenants alike. Today, the company continues to manage five of its original ten properties — a testament to the trust, consistency, and lasting partnerships that have defined Absolute since day one.

“Reaching this milestone is a reflection of the incredible people behind our organization and the clients who have trusted us throughout the years,” said Amber Tyson, COO. “Our success has always been rooted in strong relationships, adaptability, and a commitment to continuous improvement.”

Throughout its history, Absolute has pursued steady, strategic growth, expanding its portfolio to 150 properties while thoughtfully entering and exiting markets to best support client needs and long-term portfolio performance.

The company has also remained focused on innovation and operational advancement. In recent years, Absolute has invested heavily in new technologies, systems, and tools designed to better support on-site teams, improve operational efficiency, and enhance the overall experience for properties and tenants. These advancements have strengthened collaboration across departments while helping the organization consistently outperform industry and REIT benchmarks.

In addition to technological progress, Absolute has continually evolved its operational and departmental practices to meet changing market demands and position the company for long-term success.

As Absolute looks toward the future, the company remains committed to the same principles that have driven its success over the past 24 years — with renewed energy focused on team member development, leadership growth, and expanding its presence within existing markets.

“Our future is incredibly bright,” added Tyson. “We are committed to investing in our people, strengthening our partnerships, and continuing to grow in ways that create long-term value for our clients and communities.”

As Absolute celebrates this anniversary, the company extends its gratitude to its team members, clients, partners, and communities who have been part of the journey since 2002.

**Absolute Storage Management**

Absolute Storage Management (Absolute) is one of the largest private, third-party self-storage management companies in the United States. Founded in 2002, Absolute's headquarters are in Memphis, TN with regional offices in Tampa, FL; Atlanta, GA; Charlotte, NC; and Nashville, TN.
