

Engineered for superior performance, our Food Grade High-Density Polyethylene (HDPE) board is the industry's first NSF Certified PFAS Free Cutting boards, raising the standard for professional kitchens and food processing plants.

Tangent PolySheet™ CB is designed to withstand heavy, daily use while remaining gentle on knife blades.

- NSF Certified & FDA Approved: Industry First NSF Certified PFAS Free cutting board. Meets strict sanitation standards for food safety and health inspections.
- Non-Porous Surface: Will not absorb moisture, odors, or harbor bacteria.
- Superior Durability: Resists scratching, cracking, splintering, and warping.
- Dishwasher Safe: High-temperature tolerant for easy sanitizing.
- Knife Friendly: Provides a smooth cutting surface that keeps knives sharper longer.
- Low-Temperature Tolerant: Ideal for freezing and food prep environments.
