

FOR IMMEDIATE RELEASE

Focus Clinic Welcomes Nicholus Kopacki, DMSc, MPAS, DFAAPA, PA-C, as Partner

Award-winning physician assistant educator and veteran addiction medicine clinician joins West Michigan's comprehensive ADHD specialty practice

WYOMING, Mich. — July 16, 2026 — Focus Clinic, a comprehensive ADHD specialty practice serving children, adolescents, and adults across West Michigan, today announced that Nicholus “Nick” Kopacki, DMSc, MPAS, DFAAPA, PA-C, has joined the practice as a partner. Dr. Kopacki brings more than 15 years of clinical and academic leadership to Focus Clinic as it continues its growth toward becoming Michigan’s premier ADHD center of excellence.

Dr. Kopacki most recently served as Assistant Professor in the Physician Assistant Studies Program at Grand Valley State University, following a decade as Assistant Program Director and Site Director of the program’s Traverse City campus, which he helped design, launch, and lead. His clinical background includes addiction medicine.

His work has earned statewide and national recognition, including the Michigan Academy of Physician Assistants’ Educator of the Year award (2024), back-to-back Top 40 Under 40 honors recognizing northern Michigan’s most influential professionals (2019, 2020), and national and regional UPCEA awards for Most Outstanding Credit Program. He holds a Doctorate of Medical Science from the University of Lynchburg with graduate certifications in Healthcare Administration and Executive Leadership, and both his master’s in Physician Assistant Studies and bachelor’s in Biomedical Sciences from Grand Valley State University.

“Nick embodies everything we look for in a partner — clinical excellence, a servant’s heart, and a genuine passion for teaching and patient advocacy,” said Randall J. Duthler, MD, founder and medical director of Focus Clinic. *“His leadership experience and his commitment to whole-person care make him a perfect fit for our mission, and we are blessed to welcome him to the practice.”*

“Focus Clinic is doing something rare — bringing objective, measurement-based ADHD diagnostics, medication management, counseling, coaching, and family support together under one roof,” said Dr. Kopacki. *“I’m honored to join Dr. Duthler, Micah Foster, and this team, and I look forward to serving patients and families across West Michigan.”*

As partner, Dr. Kopacki will support the practice’s clinical operations and its expanding suite of services, which includes technology-driven ADHD testing, genetic-guided medication selection, neurofeedback, counseling, ADHD coaching, parent training, and school and IEP advocacy.

About Focus Clinic

Focus Clinic (Entropy Health, PLLC) is a comprehensive ADHD specialty practice located at 4050 Del Mar Dr SW, Suite C, Wyoming, Michigan. Founded by Randall J.
