

Icurio Share Network

SURPLUS

SURPLUS matches excess supplies and material and teachers at little or no cost to them, while improving district surplus management through automation and reduced carrying costs.

SHARE

SHARE is a Learning Management System (LMS) for school systems and teachers. It has tools to find, store, distribute and manage relevant support material - curriculum, lesson plans, homework assignments, laboratory experiments - within and among participating school systems throughout the country. It is the lowest cost LMS available.

IEP STUDENT

IEP STUDENT is an IEP program for every student in a system. Parents access their child's account at any time to view whatever information the school/district chooses to provide (grades, attendance, discipline, lunch schedules, academic calendar and more). A direct communication capability between teachers and parents is integrated into the program.

BUDGET

BUDGET facilitates managing budget imbalances at the district level. The program enables authorized users to identify budget surpluses and resource requirements to help reduce wasteful practices and optimize the utilization of budget dollars.

MENTOR

MENTOR is a new development in human resources. Designed in the shadow of Surplus Mentor connects teachers to mentors to communicate in a variety of forums. An approval process guarantees quality control.

CLASSFOTO

CLASSFOTO is a digital yearbook that helps draw students into their schools as well as facilitating distribution of educational material from their teachers. Students can contribute anonymous images and blurbs that are edited/controlled by the school. As a digital yearbook, its contents grow in real-time without the associated expense of printing.

Icurio is a user-friendly, comprehensive resource technology that enables K-12 schools nationwide to share learning objects, school supplies, access mentors, improve budget decisions and create a real connection between parent teacher and student.

Icurio Surplus

A program that enables school districts, foundations, non-profits and various manufacturers to offer surplus school supplies and other items to teachers at little or no cost.

Supplies and items offered by school districts and participating institutions (including Freecycle, Gifts In Kind and Donors Choose) are posted to the Icurio Surplus Network as availability warrants and continuously updated. Teachers search the inventory database as their needs dictate. School districts can offer any portion of their surplus items as either permanent dispositions or as loans of up to 5 years with return of the items thereafter.

Icurio SURPLUS enables District Administrators to reduce surplus management costs such as storage, insurance, theft, damage, oversight, etc. by broadening the universe of interested parties when disposition is warranted.

Icurio Surplus: Overview and Benefits

SURPLUS AUTOMATION

Icurio's SURPLUS enables teachers and administrators to efficiently interact and process surplus items/supplies with expedited approvals and digital audits.

REDUCE CARRYING COSTS

Limit or eliminate various costs of surplus management through timely dispositions.

LOCATE SUPPLIES YOU NEED

Teachers can find needed school supplies at little or no cost. Items include art supplies, athletic gear, blackboards, books, computers, furniture, instruments, maps, media and more.

BROAD RANGE OF SOURCES

A network program with many participants including school districts, foundations, and manufacturers who offer new and used surplus goods directly to teachers.

Icurio Budget

Budget is an application that matches districts together to more efficiently use their surplus dollars. One of the greatest challenges in the school system today is the budget itself. Over one half trillion dollars is distributed annually to primary and secondary schools, but districts almost always end up with budget line items that exceed or fall beneath their needs.

Icurio resolves this issue by aligning schools that have equal surplus dollars to work together to get what they need.

Icurio Budget: Overview and Benefits

-  **MULTIPLE LINE ITEM USE**
Icurio's BUDGET enables a district administrator to use the system for multiple line items they have surpluses in.
-  **SINGLE ADMINISTRATOR CONTROL**
The district superintendent is the administrator for the system, requiring a separate log-in
-  **GET PRECISELY WHAT YOU NEED**
Budget is not a financial exchange, but a new way for districts to obtain the new supplies that their own budgets did not provide for.
-  **INTERSTATE OR NATIONWIDE**
Budget lets districts decide whether they want to work with schools across the state or across the country based on their needs.

Reduce costs. Share

Icurio Mentor

Icurio Mentor harnesses the power of human resources in a shared exchange to make mentoring work. Teachers can add themselves as a mentor, add their best practices for downloading, schedule group chats, blog or communicate privately. Teachers likewise can seek out mentors quickly through an intuitive interface that let's them search through 20 different specifications to locate the right person for them.

Icurio Mentor: Overview and Benefits

🔗 DISTRICT QUALITY CONTROLLED
Each school district can approve and edit mentors based on their qualifications, thus improving the resource.

🔗 COMMUNICATION OPTIONS
Instant chat, blog, scheduled meetings or private interaction. Mentors can choose how and when they want to help.

Icurio Share

SHARE is a Learning Management System (LMS) for school systems and teachers. It has tools to find, store, distribute and manage relevant support material - curriculum, lesson plans, homework assignments, laboratory experiments - within and among participating school systems throughout the country. It is the lowest cost LMS available.

Icurio Share: Overview and Benefits

- ☞ PRIVATE STORAGE FOR EACH TEACHER
Teachers can store their learning resources privately or share with other colleagues, even students.
- ☞ SHARE LEARNING MATERIAL QUICKLY
Teachers can put their learning material on Icurio for access by all teachers. The result is the fastest way to mine the best resources.
- ☞ STUDENT - PARENT INTERACTION
Students can access homework from a restrictive account. Parents can view what their children's responsibilities are at any time.
- ☞ NATIONWIDE CURRICULUM
A district is not locked into their own curriculum. They can use public resources posted by districts around the country on demand.

Icurio IEP Student

IEP STUDENT is an IEP program for every student in the school system. Parents access their child's account at any time to view whatever information the school/district chooses to provide (grades, attendance, discipline, lunch schedules, academic calendar and more). A direct communication capability between teachers and parents is integrated into the program.

What separates Icurio is the real-time assessment of student characteristics that are often only viewed by the teacher at that moment it occurs.

Icurio IEP: Overview and Benefits

STUDENT WIDE

Each student has a record viewable in real-time by their parents. This information previously was only available to teachers and the district.

PARENT INTERACTION

Parents can view their child's information then communicate directly with their teacher at any time

LIVE DIAGNOSTIC

Report cards don't tell the story. A live diagnostic allows parents to view their child's progress, attitudes and emotional well being and respond accordingly.

Classfoto

Classfoto is a live yearbook for students in grades 7-12. It lets students view albums created by people in their classes at any time.

Classfoto: Overview and Benefits

 **LIVE**
Classfoto is the place to view images of school friends.

 **PRINT**
Students can print images on demand as photos or on merchandise.

 **COMMUNICATE**
Students can safely chat with each other at any time. This is the core teen after school event.
