

epcSolutions and A2BTracking Solutions to team up and offer RFID, WAWF and UID Webinars

Get Straightforward Explanations of UID/RFID from the top industry solutions providers. First webinar set for June 28th 2:00 PM EST.

Great Falls, VA – epcSolutions , the authors of ThingsNet, the platform for the Internet of Business and the most installed Wal-Mart RFID solutions, and A2BTracking Solutions, the leading provider of DoD UID solutions, team up to offer webinars for RFID/UID solutions.

During this webinar you will receive a complete briefing on where UID and RFID came from and why it is important to the DoD and to you. You will also receive a simple, straightforward explanation of UID and RFID labeling, verification, validation and uploading to the Wide Area Workflow (WAWF) and IUID Registry. Bar code and RFID experts from A2B and epcSolutions Inc. will also present a live demonstration of UID Comply!® software and RFIDTagManager.

“This webinar will be very informational for suppliers who need to meet the DoD mandates.” states Kim Simonalle, Director of Marketing and Client Services for epcSolutions. Joan Hacker, Director of Public Relations at A2B adds, “A2B Tracking Solutions’ UID Comply!® software and epcSolutions suite of products combined offer a robust RFID solution to DoD suppliers who require RFID technology to submit UID data to the WAWF.”

About epcSolutions, Inc.

epcSolutions, Inc. is the leading provider of RFID compliance software to the Wal*Mart and DoD supplier community. RFIDTagManager's point and click wizards allow users to be compliant in under an hour. RFIDTagManager supports RFID hardware from leading vendors including Symbol, Zebra, Printronix, Alien, Intermec and others. RFIDTagManager provides a standalone data entry solution out of the box and is easily integrated with any ERP, WMS or database system such as JD Edwards, SAP, Oracle and IBM's AS400 system to provide automated order import and label printing operations.
