NLD, what are all those tests,
and what next?"*

NLDA

Nonverbal
Learning Disorders
Association

Dear Friends of the NLDA,

The NLDA could not exist without you-- our network of members, friends, and supporters. The active presence and generosity of our volunteers has helped us grow from a small grass roots support group to a national non-profit organization that provides support and information through educational conferences, regional workshops, and lectures.

With your help, we can advance to a new level of member services, to further address education, research, and advocacy for children and adults.

NLD is a complex syndrome with manifestations that are frequently overlooked or misunderstood. Help us create an NLD friendly world that offers the best and most innovative services to our community.

Please make the commitment to renew your annual membership and to sustain our future with a meaningful contribution. Your generosity will enable us to maintain our vision of independence, dignity and productivity for all individuals affected by NLD.

I look forward to seeing you at the 11th national conference on Nov. 2 & 3 2007 in Stamford , CT.

With warm regards,
Patricia Carrin, NLDA President
