FOR IMMEDIATE RELEASE

### DONATIONS NEEDED FOR VICTIMS OF CALIFORNIA WILDFIRES

[WWW.uanditrade.com](http://WWW.uanditrade.com) is making it simple to donate goods to the families of the California Wildfires.

UandITrade connects parents across the nation so that they can trade items their children have outgrown like clothes, books and toys.

UandITrade founders have recently created a special option on their website for people to post items they would like to donate to the fire victims. The families who have suffered losses simply login and request items based on their needs. Once an item is selected, the donator will mail it out and a good deed is done. The donated items should be new or used and in good condition.

If everyone posts at least 2 or 3 items, families who lost everything will get a faster start getting back on their feet. We know that many people don't feel comfortable asking for help, and our site will allow them to receive help anonymously and easily. The more items posted, the more family members will be helped.

We encourage you to help these displaced families.

Full details of the program are available @ [www.uanditrade.com](http://www.uanditrade.com). Simply click on the link "California Fires Donations Group."

The service is free, and UandITrade is not profiting from this service. Our goal is to help these families as soon as possible.
