ConferTel brings you the power of personal contact to help your business connect more effectively and be more productive.

ConferTel offers a full suite of conferencing solutions for all your communication needs:

Audio Conferencing — Reservationless

On-demand conferencing service you can use anytime, anywhere.

- Toll-free and International access
- Online account management & visual monitoring

Virtual Attendant @ Your Service

Low cost alternative to operator-assisted service with flexibility and personalized assistance.

- Pre/post conference coordination, call monitoring
- Priority Q&A, polling, online registration, auto dial out

EventCall — Large Scale, High Profile Audio Conference

A scalable solution for up to 4,000 participants with live operator assistance.

- Dedicated specialists for conference planning
- Operator assistance for Q&A and control participant access

Web Conferencing — Meet, Present, Train...Online

A professional, yet affordable, browser-based presentation tool with application/desktop sharing, recording and optional real-time video.

- Supports unlimited number of participants
- Flexible per minute or monthly fixed pricing plans

WebCasting — Broadcast to Hundreds of People at Once

Broadcast an audio and/or visual presentation live to large groups worldwide via the Internet.

- Unlimited number of participants for a fixed cost
- Listen/view presentation live or from archive

TeleSeminars & Webinars — Fully Automated

A turn-key, easy to use solution to deliver impactful and interactive online training or seminars.

- Online registration, payment processing and email reminders
- No upfront costs, only pay for registered participants
