

SAP SOLUTIONS GROUP

FOR IMMEDIATE RELEASE:

VSS, a leading SAP software and services firm, announces its SAP All-in-One solution for midsize auto parts suppliers. Rapidly becoming the auto industry standard!

The SAP All-in-One automotive solution enhances the performance and profitability of auto parts manufacturers and final assembly firms helping them respond to the ever-increasing challenges of the automotive industry.

Jackson, Mississippi – February 2008 – VSS is pleased to announce the most comprehensive ERP solution for automotive suppliers, Just in Time (JIT) Supplier Automotive. Based on the SAP All-in-One solution for the auto industry, VSS provides clients with an SAP business management solution designed specifically to meet the auto industry needs and to improve the business performance of midsize auto parts manufacturers.

Developed by VTEC in partnership with SAP America, Inc., the JIT Supplier Automotive® Solution provides auto manufacturers the affordability and efficiency of SAP All-in-One software combined with the industry expertise of VSS and their teaming partner, VTEC Group.

The JIT Supplier Automotive Solution fully supports the key business processes of midsize auto manufacturers and enables them to eliminate redundant processes, reduce cost, and speed order fulfillment turnaround. This includes electronic data interchange (EDI) demand management, operation planning, repetitive manufacturing, on time deliveries, and total inventory ownership along the supply chain.

“Automotive innovation is a major North American priority,” says Michael Doane, industry analyst and author of The New SAP Blue Book. “The powerful combination of SAP All-in-One software, the JIT Supplier Automotive® Solution, and the industry and SAP expertise of VSS provides automotive suppliers with a reliable solution to accelerating industry demands.”

JIT Supplier Automotive® Solution key differentiators are:

- exclusive approved SAP automotive solution for ECC 6.0 market
- fixed fee, comprehensive scope, rapid deployment (from 20 weeks)
- based on SAP automotive best practices and integration with SEEBURGERTM, a global leader in EDI and trading partner enablement

Oscar Valdes, VTEC Group’s Managing Director says, “Our recent VSS strategic alliance is vital to successfully deliver JIT Supplier Automotive®, which is the IT solution that the auto parts suppliers are expecting to face the quite demanding industry challenges and leverage their competitiveness”

“The alliance of VTEC and VSS is tremendous news for North American automotive suppliers,” says Mark Dendinger, Vice President of VSS. “The power of SAP software, enhanced with our exclusive JIT Supplier Automotive ®Solution and supported by combined automotive industry expertise positions VSS to help clients survive and thrive in this demanding market.”
